CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS

On behalf of the Board of Directors (the “**Board**”), I am pleased to present the 6th Annual Report of Anchor Resources Limited (“**Company**”) and together with its subsidiaries, (the “**Group**”) for the financial year ended 31 December 2020 (“**FY2020**”).

The year of 2020 was a very challenging and nerve wrecking one when the Coronavirus (“**COVID-19**”) pandemic started appearing in Wuhan, China and subsequently spread all over the world. Malaysia and Singapore were not spared either. To curb the spread of COVID-19, Malaysia imposed a Movement Control Order (“**MCO**”) on 18 March 2020 severely restricting all forms of domestic interstate and international travel both into and out of Malaysia, Singapore imposed a similar Circuit Breaker (“**CB**”) on 7 April 2020. Up to now, Malaysia is still imposing restrictions in different tiers including MCO, Conditional MCO and Recovery MCO.

FINANCIAL PERFORMANCE

Group’s revenue from the continuing operation of granite dimension stone business decreased by RM0.11 million (45.31%) in FY2020 as compared to FY2019. The decrease in revenue is mainly due to Movement Control Orders (“**MCOs**”) issued by the Malaysian Government to curb the spread of COVID-19 virus. There was no production in the granite business for FY2020 as workers of contractor were not able to return to Malaysia due to travel restriction.

The Company has disposed the entire issued and paid up share capital of Angka Alamjaya Sdn. Bhd. (“**AASB**”) pursuant to the approval of the shareholders of the Company having been obtained at the extraordinary general meeting of the Company held on 28 December 2020. AASB and its wholly-owned subsidiary, Angka Mining Sdn. Bhd. (collectively, the “**AASB Group**”), has therefore ceased to be subsidiaries of the Company. As such, AASB is categorised as “Discontinued Operations” as a separate disclosure.

Overall, the Group incurred a net loss of RM17.97 million in FY2020 as compared to RM15.82 million in FY2019.

KEY DEVELOPMENTS

Gold Mining

Following the disposal of AASB Group, the Company had also entered into management services agreement with AASB for a transition period of twelve (12) months to provide management services to AASB in respect of AASB’s mining licenses, local government approvals and appointed contractors. In consideration for the Company providing these management services, AASB will pay the Company a monthly service fee equivalent to four and a half per cent (4.5%) of AASB’s revenue each month.

Granite Quarrying

The workers of Huasheng were not able to return to Malaysia due to the COVID-19 travel restrictions. As such, the Bukit Chetai Granite Mine did not produce any blocks, tiles and joggle pavers in FY2020.

BUSINESS STRATEGIES AND FUTURE PLANS

The Group will continue to operate the Bukit Chetai quarry while the newly constituted board, new Executive Director, Mr Lim Beng Chew and new Chief Executive Officer, Mr. Chong Heng Loong, will seek out new businesses to enhance the Group’s profitability and unlock shareholders’ value.

CHAIRMAN'S STATEMENT

Granite Stone Quarrying

The workers of GGTM Sdn. Bhd.'s ("GGTM") contractor for the mining operations are still currently unable to return to Malaysia due to the COVID-19 travel restriction by the Malaysia government. As such, there will be no material development at the Bukit Chetai granite mine until the return of the workers.

Aggregates Quarrying

The Company is finalising the crusher machineries from overseas to be installed at site and is engaging with East Coast Rail Line's ("ECRL") site manager on the tender documents.

The timeline to supply the quarry aggregates to Brunei's Pulau Muara Besar Refinery project was delayed due to COVID-19 pandemic as Brunei has imposed travel restrictions which has affected the workers from China working at the project site. The Company is monitoring the project progress and we are having regular updates from SIVLI Sdn. Bhd., a leading provider of engineering, procurement, and construction services in Brunei.

New Businesses

I am pleased to share that Mr. Lim Beng Chew, has joined the Board as an Executive Director on 22 February 2021 and Mr. Chong Heng Loong, was appointed as Chief Executive Officer on 1 April 2021. Appointment of both Mr. Lim Beng Chew and Mr. Chong Heng Loong will bring a fresh perspective to the Board. The newly constituted board and management intends to undertake a strategic review of investment and divestment opportunities with a view to improve the Group's financial position and unlock shareholders' value. This may potentially involve diversifying the Group's business into new business segments, so as to provide additional revenue streams for the Group and build a stronger income base for future growth.

Conclusion

On behalf of the Board of Directors, I would like to express our appreciation for the dedication of our Group Managing Director, Mr. Lim Chiau Woei, and the Group's employees during 2020 and for the resilience and commitment they showed in the face of a very challenging and difficult business environment.

I would also like to thank the directors who resigned for their past contributions to the Board and the Group. They are Dr. Wilson Tay Chuan Hui - Non-Executive Chairman and Lead Independent Director, Mr. Chan Koon Mong – Executive Director, Ms. Ch'ng Li-Ling – Independent Director and Dr. Foo Fatt Kah – Non-Executive and Non-Independent Director.

I wish to welcome Mr. Lim Beng Chew – Executive Director, Ms. Juliana Lee Kim Lian – Independent Director, Mr. Chong Heng Loong – Chief Executive Officer and myself as Non-Executive Chairman and Lead Independent Director, to the Company.

In addition, I would like to thank our shareholders, customers, suppliers, bankers and business associates for their unwavering support. Last but not least, I would like to extend my gratitude to our dedicated Board of Directors for their guidance and advice. As we embark on a challenging journey post COVID-19, we will seize the opportunity on potential new businesses and to deliver greater value to our shareholders.

FINANCIAL REVIEW

REVENUE AND RESULTS

The revenue and results of AASB group are separately presented as “discontinued operations” in the consolidated statement of comprehensive income as a result of the disposal of the AASB group on 28 December 2020.

Group’s revenue decreased by RM0.11 million (45.31%) in FY2020 as compared to FY2019 for the continuing operations. The decrease in revenue is mainly due to MCOs issued by the Malaysian Government to curb the spread of COVID-19 virus. There was no production in the granite business for FY2020 as workers of contractor were not able to return to Malaysia due to travel restriction.

OPERATING EXPENSES

Total operating expenses for continuing operations decreased by RM4.30 million to RM8.24 million in FY2020 from RM12.54 million in FY2019. The changes in total operating expenses were mainly due to the following:

- No contractor expenses incurred in FY2020 as compared to RM0.23 million in FY2019 as workers of Jianning County Huasheng Stone Co., Ltd. (“Huasheng”) were not able to return to Malaysia due to the COVID-19 travel restrictions imposed by the Malaysian Government in FY2020.
- Decrease in employee benefits expenses by RM1.64 million (48.41%) in FY2020 as compared to FY2019 mainly due to reduction of directors’ fee and remuneration, and similar reductions for the salaries of management staff.
- Decrease in operating lease expenses by RM0.09 million in FY2020 as compared to FY2019 as GGTM had stopped rental of genset since December 2019.
- Decrease in other expenses by RM0.76 million in FY2020 as compared to FY2019 were mainly due to the (i) decrease of travelling expenses of RM0.20 million due to travel restriction and (ii) decrease of project expenses of RM0.90 million, set off against the increases in professional and bond extension fees in relation to the bonds settlement.
- Decrease in loss allowance on third party trade receivables by RM0.07 million (11.40%) for FY2020 as compared to FY2019.
- Decrease in finance costs by RM1.55 million (40.37%) in FY2020 as compared to FY2019 due to full redemption of Guaranteed Bond II (“GB II”), Guaranteed Bond III (“GB III”), NGB I, NGB II and EB during the financial year.

The Group incurred net loss of RM7.82 million from continuing operations in FY2020 as compared to RM12.28 million in FY2019. Including losses from discontinued operations, the net loss of the Group was RM17.97 million.

FINANCIAL REVIEW

WORKING CAPITAL

The Group has a negative working capital of RM9.70 million as at 31 December 2020. The negative working capital is mainly due to an unsecured term loan and its accrued interest of RM10.86 million, for which the Company has entered into settlement agreements with the lenders on 30 December 2020 to settle the unsecured term loan by way of issuance of new shares in the capital of the Company at an issue price of S\$0.00149 per Share. The loan has been fully settled by the Company after approval was granted by shareholders of the Company in an extraordinary general meeting convened on 9 February 2021. For details, please refer to the Company's announcement on 16 October 2020, 30 December 2020 and 9 February 2021.

EQUITY

The total shareholders' fund of the Group decreased by RM10.85 million from RM5.17 million as at 31 December 2019 to negative of RM5.68 million as at 31 December 2020. The decrease was mainly due to losses in FY2020 of RM17.97 million which were set off with an increase of RM7.12 million in share capital due to the issuance of new ordinary shares.

CASH AND CASH EQUIVALENTS

As at end of FY2020, the Group had cash and cash equivalents of RM2.64 million.

OPERATIONS REVIEW

FOCUS OF FY2020

FY2020 is a very challenging year due to the COVID-19 pandemic which has seriously impacted people and businesses all over the world. Malaysia Government has imposed various type of MCO and travelling restrictions since 18 March 2020.

The production of GGTM, a wholly-owned subsidiary of the Company, had totally stopped in FY2020 as the contractor's workers were not able to return to Malaysia due to the travel restrictions imposed by the Malaysia Government.

AASB, a discontinued operation, which is principally engaged in the business of exploration, mining and production of gold for sale in Malaysia and overseas was also impacted by MCO and travel restriction imposed by Malaysia Government.

Gold concentrate production from tailing materials has also decreased in FY2020 due to the stoppage of operations when Malaysia Government imposed MCO to curb the spread of COVID-19. In FY2020, the Group has successfully exported approximately 1,050 tonnes of gold concentrated ore with an average of 39.20 gram of gold per tonnes, compared to FY2019 production of 1,169 tonnes with average of 37.00 gram of gold per tonne.

Future Plans

On 28 December 2020, the Company disposed the entire issued and paid up share capital of AASB pursuant to the approval of the shareholders of the Company having been obtained at the extraordinary general meeting of the Company. Therefore, the Company had ceased from gold mining operations. However, the Company had also entered into management services agreement with AASB for a transition period of twelve (12) months to provide management services to AASB in respect of AASB's mining licenses, local government approvals and appointment of contractors. In consideration for the Company providing these management services, AASB will pay the Company a monthly service fee equivalent to four and a half per cent (4.5%) of AASB's revenue each month. No management services fee was recognised in FY2020 as the disposal of AASB Group was only completed on 28 December 2020.

The workers of GGTM's contractor for the granite mining operations are still unable to return to Malaysia due to the COVID-19 travel restrictions put in place by the Malaysian Government. As such, there will be no material development at the Bukit Chetai granite mine until the return of the workers.

The Company is finalising the installation of the crusher on site and is also engaging with the ECRL's site manager for the finalisation of the submission of tender documents.

The timeline to supply the quarry aggregates to Brunei's Pulau Muara Besar Refinery project was delayed due to COVID-19 pandemic as Brunei imposed travel restrictions which in turn affected the return of workers from China working at the project site. The Company is monitoring the project progress and we are having regular updates from SIVLI Sdn. Bhd., a leading provider of engineering, procurement, and construction services in Brunei.

Mr. Lim Beng Chew was appointed as an Executive Director of the Board on 22 February 2021 and Mr. Chong Heng Loong was appointed as Chief Executive Officer on 1 April 2021. The newly constituted board and management intends to undertake a strategic review of the Group's businesses.

ACCOUNTABILITY AND AUDIT		
Risk Management and Internal Controls		
<p>Principle 9 Provision 9.1</p>	<p>The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.</p>	<p>The Board acknowledges that it is responsible for the governance of risks and the overall internal control framework but recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objective and can provide only reasonable and not absolute assurance against material misstatements or loss.</p> <p>Risk assessment and evaluation has become an essential part of the business planning and monitoring process. Having identified the risks to the achievement of the Group’s strategic objectives, each business unit is required to document the mitigating actions in place and/or proposed in respect of each significant risk. Risk awareness and ownership of risk treatments are also continuously fostered across the organisation.</p> <p>The Group has formed a Risk Management Steering Committee which is led by the MD, the Chief Financial Officer (“CFO”) and a risk manager who regularly reviews the Group’s operating and business activities to identify new areas of significant business risk as well as appropriate measures to control and mitigate these risks. Similarly, they will identify any risks that may no longer be relevant and remove such risks accordingly. The management continuously reviews all the significant control policies and procedures and proposes an appropriate risk action plan for each identified risk. The Risk Management Steering Committee highlights all significant findings and matters to Directors and AC. The Board is ultimately responsible for the Group’s risk management.</p> <p>On an annual basis, the internal auditor (“IA”), Tricor Axcelasia Sdn Bhd, prepares the internal audit plan taking into consideration the risks identified which is approved by the AC.</p> <p>During FY2020, the AC reviewed the reports submitted by the IA relating to the audits conducted to assess the adequacy and the effectiveness of the Group’s risk management and the internal control systems put in place, including financial, operational, compliance and information technology controls. Any material non-compliance or lapses in internal controls together with recommendation for improvement are reported to the AC. A copy of the report is also issued to the relevant department for its follow-up action. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored.</p>
<p>Provision 9.2</p>		<p>The Board, with the concurrence of the AC, is of the view that the Company’s internal controls (including financial, operational, compliance and information technology controls) and risk management systems were adequate and effective in FY2020.</p> <p>The bases for the Board’s view are as follows:</p> <ul style="list-style-type: none"> • assurance had been received from the MD and CFO that the financial records have been properly maintained and the financial statements give a true and fair view of the company’s operations and finances; • based on the internal controls established and maintained by the Group, work performed by the internal and external auditors, and reviews performed by the key management personnel and the Board; • the risk management plan was deliberated in detail by the Risk Management Steering Committee, to include any new risk identified and to remove any risks that are no longer relevant, and the risk action plan in relation to each risk was also robustly discussed; and • discussion held between the AC and external auditor in the absence of the key management personnel to review and address any potential concerns. <p>The Board has obtained assurance from the MD and CFO that the financial records have been properly maintained and the financial statements give a true and fair view of the company’s operations and finance in respect of FY2020. The Board has also obtained assurance from the MD and the CFO regarding the adequacy and effectiveness of the company’s risk management and internal control systems.</p>

		<p>In addition, the IA had discussed via electronic means with the AC on 25 February 2021 to brief the AC on the internal controls matters and highlighted to the AC the issues identified and Management responses.</p> <p>The Board has additionally relied on the IA's report in respect of issues to the Company as assurances that the Company's risk management and internal control systems are effective and adequate.</p>

ARL'S GROUP STRUCTURE

The below group structure is prior to disposal of AASB group which was completed on 28 December 2020.

This report focuses on the entities engaged in the mining and quarrying operations which are Angka Alamjaya Sdn. Bhd. (“AASB”) and GGTM Sdn. Bhd. (“GGTM”).

SUSTAINABILITY REPORT

Key Material Topics

1. ENVIRONMENTAL RESPONSIBILITY

Our operations are subject to extensive laws and regulations governing environmental protection. All of our operations require a variety of permits and licenses approvals from the government agencies. Key laws and regulations are related to air emissions, noise level, river water quality, waste management and chemicals storage.

As a mining and quarrying company, ARL has a fundamental responsibility to manage the impact of its operations on the environment. To accomplish ARL's environmental policy, we conducted environmental impact assessment and environmental management plan for both Lubuk Mandi Gold Mine and Bukit Chetai Granite Dimension Stone Mine.

We continued to work closely with the environmental consultant to minimise any impact on the environment and to be in compliance with the guidelines from the Department of Environment, Terengganu ("DOE").

ENERGY – DIESEL AND ELECTRICITY

ARL's gold mining and granite dimension stone quarrying operations are energy intensive. Both sites used diesel and electricity in its daily operation. The group is trying to minimise its energy consumption to reduce the carbon footprint in our mining operation.

In AASB gold mining, the diesel and electricity has been used for the activities as below,

- *Earthmoving activities to excavate and transport tailing materials to tailings processing plant.*
- *Tailings processing plant operation to produce semi processed gold concentrate ore from tailing materials.*
- *Mine road maintenance and improvement for the safety of vehicles travelling in the mine.*

At Lubuk Mandi Gold Mine, tailings retreatment plant uses power supply from Tenaga Nasional Berhad to produce semi processed gold concentrate ore, which greatly reduce the carbon dioxide emission at the site. The usage of electricity in the gold mine decreased 9.9% in FY2020 as compared to FY2019, mainly due to Movement Control Order (MCO) imposed by the Government of Malaysia during FY2020.

While in GGTM's granite dimension stone operation, the energy usage was increased of 3.4% as compared to FY2019. The energy usage was very minimal, mainly for the basic daily usage as there was no production during the year.

At Lubuk Mandi Gold Mine, the diesel usage was increased by 6.3% mainly due to construction and maintenance of waste dam bund at site. While in Bukit Chetai Granite Dimension Stone Mine, there was no diesel usage in FY2020 as there was no operation due to the workers of China's contractor were not able to return to Malaysia as a result of the COVID-19 travel restrictions.

SUSTAINABILITY REPORT

Overall, the group usage of electricity and diesel recorded for the reporting period are 2,998,371 kwh and 121,282 litres respectively. The decrease in the energy consumption in FY2020 was due to MCO implementation during FY2020.

SUSTAINABILITY REPORT

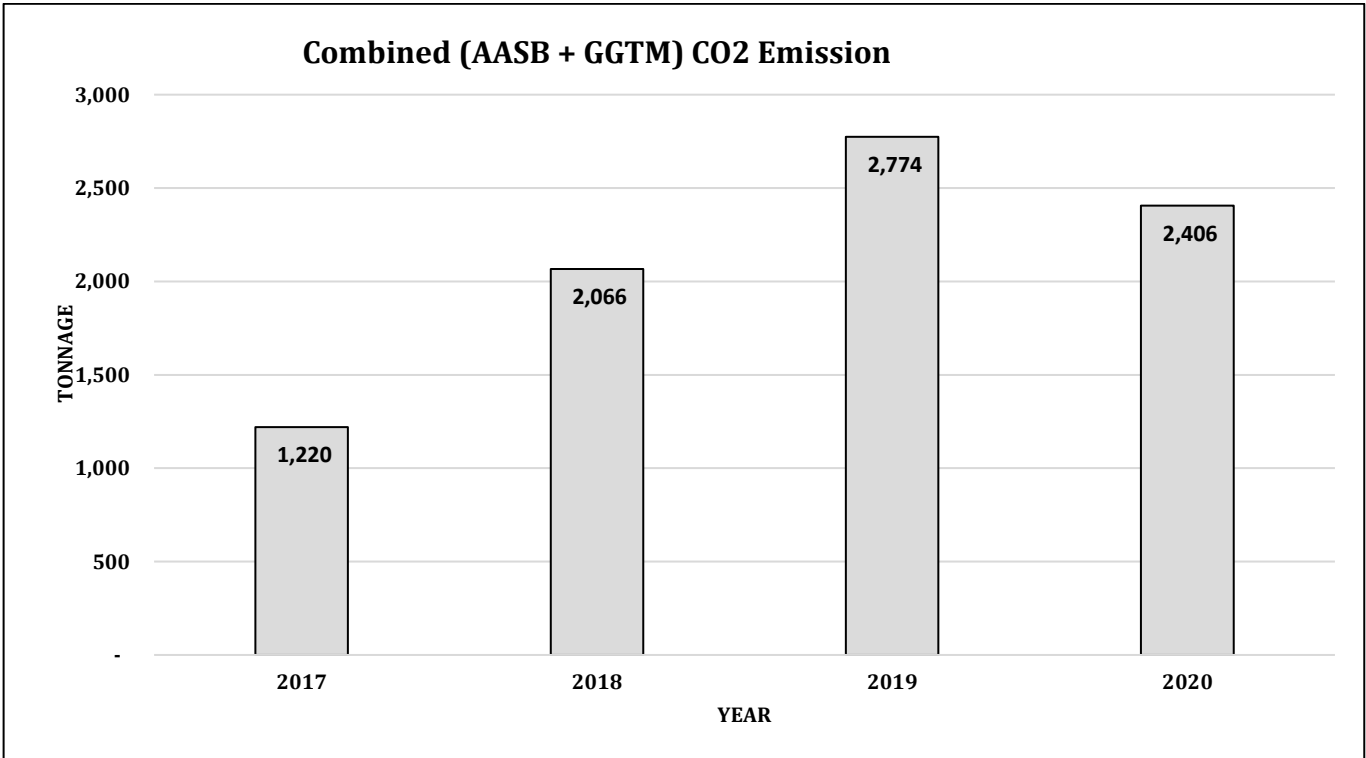

GREENHOUSE GAS EMISSIONS

Our operations require certain energy inputs, which result in a variety of emissions, including greenhouse gas (GHG) emissions. In turn, GHGs are integrally linked to climate change, which is one of the world’s most pressing challenges.

We commit to being part of the global solution to this challenge. By effectively managing our energy needs, we may contribute to the reduction in GHG emissions across the mining sector and collectively help achieve global reduction targets.

The carbon dioxide emission in Lubuk Mandi Gold Mine and Bukit Chetai Granite Mine decreased due to less operation activities in gold mine and no production for granite mine as a result of the MCO and travel restriction implemented by the Government of Malaysia.

SUSTAINABILITY REPORT

SUSTAINABILITY REPORT

WATER & EFFLUENTS

As a mining and quarrying company, ARL recognises the critical importance of water management to ensure the efficient, safe and sustainable use of water and the protection of water resources and ecosystem around its sites. In order not to adversely impact the environment, the gold and granite dimension stone operations of ARL recycle the water that the operations utilise in closed water system. Effluents from both the gold mining and the granite dimension stone operations are stored within the ponds on site.

Water used for the activities of AASB and GGTM are as follows:

Lubuk Mandi Gold Mine (AASB)	Bukit Chetai Granite Dimension Stone Mine (GGTM)
<ul style="list-style-type: none"> • Operations of tailing plant to produce semi processed gold concentrated ore • Hygiene purposes 	<ul style="list-style-type: none"> • Excavation of granite rocks and production of granite blocks • Slabbing and sizing to granite strip-slabs and to granite tiles • Hygiene purposes

During the reporting period, AASB used 23,772 m³ of water (FY2019: 25,705 m³) supplied by Syarikat Air Terengganu Sdn. Bhd. while GGTM captures and utilises rainfall runoff only. AASB utilised closed water systems and stored the effluents within the mines to minimise water withdrawal and to avoid discharging waste water or effluents into the surrounding waterways.

ENVIRONMENTAL TARGETS AND COMPLIANCE

ARL Group complies with local environment laws and regulation where we operate. To monitor and control the environmental issues regularly and timely basis, ARL appointed a licensed third-party environmental consultant, Sukikawa Environmental Sdn. Bhd. ("**Sukikawa**") as our consultant. Sukikawa prepared periodic site inspection report which is required for compliance purpose.

During FY2020, there was no incident of non-compliance with environmental laws and regulations. ARL's has implemented Environmental Quality Management "EQM" that is consistent with local requirement.

SUPPLIER ENVIRONMENT ASSESSMENT

ARL's operations have a weekly meeting with contractors via electronic means to discuss site issues, including the environmental issue. Any environmental concerns are communicated directly to the contractors through site operation manager and actions are taken after consulting Sukikawa.

SUSTAINABILITY REPORT

SUSTAINABILITY REPORT

SUSTAINABILITY REPORT

COVID-19

The COVID-19 pandemic has impacted on the whole world economy, including Malaysia. The COVID-19 was first detected in Malaysia in January 2020 and since then has changed the mining industry in Malaysia and continues to have an impact on ARL's operations. ARL responded swiftly and implemented the COVID-19 Standard Operating Procedures ("SOP") as recommended by the Ministry of Health and Ministry of International Trade and Industry, Malaysia. Through the end of December 2020, we are pleased to inform that we recorded zero cases at our Kuala Lumpur headquarters, Lubuk Mandi Gold and Bukit Chetai Granite Dimension Stone Mines.

COVID-19 has also changed the way we engage with stakeholders, avoiding or restricting meetings in person and in large groups. However, we have managed to maintain strong relationships and conducted meetings with vendors by electronic means. The meetings were conducted effectively and efficiently, cutting down costs like travelling expenses.

All the Board of Directors' meetings, Annual General Meeting and Extraordinary General Meetings were conducted by electronic means. The safety and health of the directors are paramount important for the ARL's Board and committees to function smoothly.

Besides, our office also provided staff the necessary equipment and implemented working from home practices during the year to reduce the chances of exposure to COVID-19.

These precautionary actions and planning made a big difference as our employee's safety and health are our utmost priority.

EMPLOYEE BENEFITS AND DEVELOPMENT

ARL aspires to create a work environment where employees remain engaged thus providing employees growth and learning opportunities and drive worker retention. We implement and adhere to best practices regarding employee engagement, including fair remuneration, employee benefits, training and development programs. We comply with local labour regulations and our employees are remunerated above minimum wage.

The impact of COVID-19 has affected every individual, team, function, business, industry and country. During MCO, ARL staff members continued to carry out their duties remotely; when the MCO restrictions were eased, steps were similarly taken to stagger attendance at the office. The staff were also encouraged to use the time spent working at home to upgrade their IT and other skills to prepare for the new work conditions arising from the pandemic such as using electronic means to communicate and hold meetings with external parties at the mine site and government agencies located interstate.

In addition, ARL recognises that timely and effective performance evaluation empowers employees to give their best. As such, manager & their team members meet at least once a year to review their performance.

We take responsibility for the well-being of our employees and provide them with adequate healthcare benefits. Our Malaysian employees are entitled to Group's personal accident and Group hospitalisation, surgical insurance and medical benefits.

In FY2020, our employee turnover rate was 12.60%, which is lower than 22.67% in FY2019.

SUSTAINABILITY REPORT

PROCUREMENT PRACTICES

ARL recognize that one of the primary benefits of our operations is the substantial local business opportunities available for local stakeholders. By maximizing local procurement expenditure, we can play an even greater role as a catalyst for social and economic development in our host communities.

ARL is supportive of local businesses and strives to obtain supplies and services from local merchants, contractors and consultants provided that local merchants are able to offer competitive prices and commercial terms; and that the local contractors and consultants are able to provide competent services or consultancy.

The Company is guided by the Group's "Policies and Procedures for Procurement" document to ensure that cost effective, efficient and sustainable procurement is attained.

During FY2020, ARL has, whenever possible, procured from local businesses and in relation to the mines, the percentage of procurement by ARL is 55.74% from Terengganu suppliers and consultants.

SUSTAINABILITY REPORT

OCCUPATIONAL HEALTH AND SAFETY

There are a variety of safety and health hazards and risks associated with mining operations. If not managed effectively, such risks can have significant consequences for our employees, contractors, communities and our business as a whole.

The health and safety of our people is the highest priority at all our operations and across our entire company. Our commitments are based on a belief that all workers should go home safely after every shift. Our safety policy is applicable to all our employees and contractors and across all of our operations.

All new workers, visitors and suppliers' workers are given a safety briefing by either the certified safety officer or safety supervisors before they are allowed into the mining areas and/or the processing plants. Refresher briefings for the employees are also carried out on, at least, an annual basis. Appropriate personal protective equipment ("PPE") are provided to both our employees and our visitors. Suppliers' workers are required to be equipped with the appropriate PPE. ARL employs safety officers or safety supervisors to maintain safety measures, including putting up safety signage to remind the workers of the safety matters. On an annual basis, ARL reports the Safety and Health status of the mines to the Department of Occupational Safety and Health.

In addition, in compliant with strict COVID-19 guidelines, these procedures also implemented during the year,

- 1) Procedure before / after enter workplace or premises
 - a) Employees /visitor having a temperature more than 37.5 °C or possess symptoms of COVID-19 are not allow to enter the workplace.
 - b) Before entering the workplace, all employee or visitors have to check the temperature.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anchor Resources Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Anchor Resources Limited (the "Company") and its subsidiaries (the "Group") as set out on pages 91 to 157, which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020;
- the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group for the financial year then ended; and
- notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020, and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anchor Resources Limited

Key Audit Matters	Audit Response
<p>1 Mining Operations</p>	

The Group operates mining and production of granite at Bukit Chetai Mine located in Terengganu, Malaysia. As at 31 December 2020, the assets related to mining operations ("Mining Assets") mainly comprise the following:

1. Mine properties
2. Property, plant and equipment
3. Investment in a subsidiary of the Company

Mine properties and property, plant and equipment form a significant component of the Group's assets, i.e. 37.9% of the Group's total assets as at 31 December 2020. Mine properties represent those capitalised exploration, evaluation and development costs incurred for the mine. The Group amortises the granite mine properties based on a straight-line method over the concession period of the mine properties. Property, plant and equipment are mainly those on-site processing facilities and infrastructure.

As the Group's granite mining business segment incurred operating losses for the financial year ended 31 December 2020, management determined if there is impairment losses based on the value-in-use ("VIU") by estimating the expected present value of future cash flows from the Group's granite mining operation.

In addition, management also determined that there are indications of impairment on the investment in the subsidiary operating the mine as its net assets are lower than the costs of investment.

Based on the recoverable amount determined by management, impairment loss on the cost of investment in the subsidiary operating the granite mine of approximately RM31,848,000 was recognised in the Company's profit or loss.

We performed the following audit procedures, amongst others:

- Read the Independent Qualified Person's Reports ("IQPR") issued by the independent external specialists to obtain an understanding of the report.
- Assessed the reasonableness of the amortisation policy which is based on a straight-line method over the concession period of the granite mine.
- Checked the mathematical accuracy of management's computation of the VIU of the CGU and discussed with management to understand the basis for the key assumptions made.
- Evaluated the reasonableness of significant judgements and key assumptions used in the VIU by checking against relevant underlying data including current developments to the COVID-19 situation and performing sensitivity analysis.

<p>1 Mining Operations (Continued)</p> <p>We focused on this area as a key audit matter due to the inherent subjectivity in management’s judgement in:</p> <ul style="list-style-type: none"> determining the VIU of the granite cash generating unit (“CGU”) which involves key assumptions on granite prices, future production volumes and discount rates, amongst others. applying the straight-line amortisation policy over the concession period of the granite mine. <p>In addition, the recoverable ore reserves of the mine are another key inputs to the VIU, for which management has engaged independent external specialists to assist in the estimations.</p> <hr/> <p>Refer to Notes 3.1, 3.2(i), 3.2(iii), 5, 6 and 7 of the accompanying financial statements.</p>	<p>We performed the following audit procedures, amongst others: (Continued)</p> <ul style="list-style-type: none"> Assessed the appropriateness of the cash flow projection periods used in the VIU of the granite mine. Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anchor Resources Limited

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT

To the Members of Anchor Resources Limited

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Significant accounting policies (Continued)**2.2 Basis of consolidation (Continued)**

All intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides an impairment indicator of the transferred asset.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by the Group.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions (i.e. transactions with owners). The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the parent.

When the Group loses control of a subsidiary, it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

Acquisitions under common control

Business combination arising from transfers of interest in entities that are under common control are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established. For this purpose, comparatives are restated. The assets and liabilities acquired are recognised at the carrying amounts recognised previously and no adjustments are made to reflect the fair values or to recognise any new assets or liabilities, including no goodwill is recognised as a result of the combination. The components of equity of the acquired entities are added to the same components within the Group's equity. Any difference between the consideration paid for the acquisition and share capital of acquirees is recognised directly to equity as merger reserve.

2.3 Subsidiaries

Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from its involvement with the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

Investments in subsidiaries are accounted for at cost, less any impairment loss, in the Company's statement of financial position.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Significant accounting policies (Continued)**2.4 Property, plant and equipment**

All items of property, plant and equipment are initially recognised at cost. The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure on an item of property, plant and equipment is added to the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

Other items of property, plant and equipment are subsequently carried at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated using the straight-line method to allocate the depreciable amounts of the property, plant and equipment over their estimated useful lives as follows:

	Years
Buildings	20
Furniture and fittings	5
Office equipment	5
Motor vehicles	5
Renovation	5
Plant and machinery	10
Road and infrastructure	20
Electrical installation works	5
Tools and equipment	5

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The estimated useful lives, residual values and depreciation methods are reviewed, and adjusted as appropriate, at the end of each reporting period.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.5 Mine properties

When production commences, carried forward development assets are transferred to mine properties and the accumulated costs for the relevant area of interest will then be amortised over the life of the area.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.5 Mine properties (Continued)

(i) Granite mine

Amortisation for granite mine properties is based on straight-line method over the concession period of the mine properties of 17 years (2019: 18 years).

(ii) Gold mine (Discontinued operation Note 25)

Amortisation for gold mine properties is according to the rate of depletion, on a unit-of-production basis over the economically recoverable reserves of the mine concerned, except in the case of assets whose useful life is shorter than the life of the mine, in which case the straight-line method is applied. The unit of account for run of mines costs are recoverable ounces of gold for gold mine.

The unit-of-production rate and straight-line method for the amortisation of mine properties takes into account expenditure incurred to date, together with sanctioned future development expenditure.

2.6 Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.7 Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined on a weighted average basis and includes all costs of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price at which inventories can be realised in the ordinary course of business, less estimated costs incurred in marketing and distribution. Where necessary, allowance is made for obsolete, slow-moving and defective inventories to adjust the carrying value of those inventories to the lower of cost and net realisable value.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)**2.8 Financial instruments**

The Group recognises a financial asset or a financial liability in its statements of financial position when, and only when, the Group becomes party to the contractual provisions of the instrument.

Financial assets

The Group classifies its financial assets into one of the categories below, depending on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. The Group shall reclassify its affected financial assets when and only when the Group changes its business model for managing these financial assets. The Group's accounting policy for each category is as follows:

Amortised cost

These assets arise principally from the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment. Interest income from these financial assets is included in interest income using the effective interest rate method.

Loss allowances for trade receivables are recognised based on the simplified approach within SFRS(I) 9 using the lifetime expected credit losses. During this process, the probability of the non-payment of the trade receivables is assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such allowances are recorded in a separate allowance account with the loss being recognised in the consolidated statement of comprehensive income. On confirmation that the trade receivables will not be collectable, the gross carrying value of the asset is written off against the associated allowance.

Loss allowances for receivables from other financial assets are recognised based on a forward looking expected credit loss model. The methodology used to determine the amount of the allowance is based on whether at each reporting date, there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The Group's and the Company's financial assets measured at amortised cost comprise trade and other receivables (excluding prepayments, advance payments to suppliers and goods and services tax ("GST")) and cash and cash equivalents in the statements of financial position.

Derecognition of financial assets

The Group and the Company derecognise a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.8 Financial instruments (Continued)

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group and the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Company classifies ordinary shares as equity instruments.

Financial liabilities

The Group classifies all financial liabilities as subsequently measured at amortised cost, and financial liabilities at fair value through profit or loss.

Trade and other payables

Trade and other payables are recognised initially at cost which represents the fair value of the consideration to be paid in the future, less transaction cost, for goods received or services rendered, whether or not billed to the Group and the Company, and are subsequently measured at amortised cost using the effective interest method.

Guaranteed and non-guaranteed bonds

Guaranteed and non-guaranteed bonds are recognised initially at fair value, net of transaction costs incurred, and are subsequently stated at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Exchangeable bond

The exchangeable bond is a hybrid contract stated initially at fair value and subsequently carried at amortised cost as the embedded derivative which is the conversion feature is of insignificant value and does not modify the cash flows that otherwise would be required by the contract, except for the amount of change in fair value attributable to change in credit risk of that liability which is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch.

Financial guarantee contracts

The Company has issued corporate guarantees to banks for borrowings of certain subsidiaries and these guarantees qualify as financial guarantees because the Company is required to reimburse the banks if these subsidiaries breach any repayment term.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)**2.8 Financial instruments (Continued)****Financial liabilities and equity instruments (Continued)****Financial liabilities (Continued)*****Financial guarantee contracts* (Continued)**

Financial guarantee contract liabilities are measured initially at their fair values, net of transaction costs. Financial guarantee contracts are subsequently measured at the higher of:

- a) premium received on initial recognition less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- b) the amount of loss provisions determined in accordance with SFRS(I) 9.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount and the consideration paid is recognised in profit or loss.

2.9 Cash and bank balances

Cash and bank balances in the consolidated statement of financial position comprise cash on hand, demand deposits and other short-term highly liquid investments which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. For the purposes of the consolidated statement of cash flows, cash and cash equivalents also includes bank overdrafts and excludes any pledged deposits. In the consolidated statement of financial position, bank overdrafts are presented within borrowings under current liabilities.

2.10 Revenue recognition

Revenue is recognised when a performance obligation is satisfied. Revenue is measured based on consideration of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (i.e. sales related taxes). The consideration promised in the contracts with customers is based on fixed amounts. The Group's revenue is derived from the fixed price contracts and therefore, the amount of revenue earned for each contract is determined by reference to those fixed prices.

Sale of goods

Revenue from sale of semi-processed gold concentrate ore, processed gold ore, granite and aggregate are recognised at a point in time when the Group satisfies a performance obligation by transferring control of a promised good to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied performance obligation. There is limited judgement needed to identify when the point of control passes to customers. There is no element of significant financing component in the Group's revenue transactions as customers are required to pay within a credit term of 30 to 90 days.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.11 Employee benefits

Defined contribution plans

Contributions to defined contribution plans are recognised as expenses in profit or loss in the same financial year as the employment that gives rise to the contributions.

Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for estimated liability for unutilised annual leave as a result of services rendered by employees up to the end of the reporting period.

2.12 Leases

As lessee

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- leases of low value assets; and
- leases with a duration of twelve months or less.

The payments for leases of low value assets and short-term leases are recognised as an expense on a straight-line basis over the lease term.

Initial measurement

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used.

On initial recognition, the carrying amount of lease liabilities also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option; and
- any penalties payable for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

Right-of-use assets are initially measured at the amount of lease liabilities, reduced by any lease incentives received and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

The Group presents the right-of-use assets in "Property, plant and equipment" and lease liabilities separately from other liabilities in the consolidated statement of financial position.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)

2.12 Leases (Continued)

As lessee (Continued)

Subsequent measurement

Right-of-use assets are subsequently measured at cost less any accumulated depreciation, any accumulated impairment loss and, if applicable, adjusted for any remeasurement of the lease liabilities. The right-of-use assets under cost model are depreciated on a straight-line basis over the shorter of either the remaining lease term or the remaining useful life of the right-of-use assets. If the lease transfers ownership of the underlying asset by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise the purchase option, the right-of-use assets are depreciated over the useful life of the underlying asset.

	Years
Buildings	4
Motor vehicles	5
Plant and machinery	10

The carrying amount of right-of-use assets are reviewed for impairment when events or changes in circumstances indicate that the right-of-use asset may be impaired. The accounting policy on impairment is as described in Note 2.6 to the financial statements.

Subsequent to initial measurement, lease liabilities are adjusted to reflect interest charged at a constant periodic rate over the remaining lease liabilities, lease payment made and if applicable, account for any remeasurement due to reassessment or lease modifications.

After the commencement date, interest on the lease liabilities are recognised in profit or loss, unless the costs are eligible for capitalisation in accordance with other applicable standards.

When the Group revises its estimate of any lease term (i.e. probability of extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments over the revised term. The carrying amount of lease liabilities is similarly revised when the variable element of the future lease payment dependent on a rate or index is revised. In both cases, an equivalent adjustment is made to the carrying amount of the right-of-use assets. If the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of lease liabilities, the remaining amount of the remeasurement is recognised directly in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

2. Summary of significant accounting policies (Continued)

2.12 Leases (Continued)

As lessee (Continued)

Subsequent measurement (Continued)

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting treatment depends on the nature of the modification:

- If the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional right-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy;
- In all other cases where the renegotiation increases the scope of the lease (i.e. extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount;
- If the renegotiation results in a decrease in scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference being recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For lease contracts that convey a right to use an identified asset and require services to be provided by the lessor, the Group has elected to account for the entire contract as a lease. The Group does not allocate any amount of contractual payments to, and account separately for, any services provided by the lessor as part of the contract.

2.13 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)**2.14 Taxes**

Income tax expense comprise current tax expense and deferred tax expense.

Current income tax

Current income tax expense is the amount of income tax payable in respect of the taxable profit for a period. Current income tax liabilities for the current and prior periods shall be measured at the amount expected to be paid to the taxation authorities, using the tax rates and interpretation to applicable tax laws in the countries where the Group operates, that have been enacted or substantively enacted by the end of the reporting period. Management evaluates its income tax provisions on periodical basis.

Current income tax expenses are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases of asset and liabilities, except when the temporary difference arises from the initial recognition of goodwill or other assets and liabilities that is not a business combination and affects neither the accounting profit nor taxable profit.

Deferred tax liabilities are recognised for all taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the timing of reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates expected to apply for the period when the asset is realised or the liability is settled, based on tax rate and tax law that have been enacted or substantially enacted by the end of reporting period. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)

2.14 Income tax (Continued)

Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales taxation that is incurred on purchase of assets or services is not recoverable from the taxation authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

2.15 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency ("foreign currencies") are recorded at the rates of exchange prevailing on the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are re-translated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are re-translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not re-translated.

Exchange differences arising on the settlement of monetary items, and on re-translation of monetary items are included in profit or loss for the financial year. Exchange differences arising on the re-translation of non-monetary items carried at fair value are included in profit or loss for the financial year except for differences arising on the re-translation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Ringgit Malaysia using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the financial year, unless exchange rates fluctuated significantly during that financial year, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, are recognised initially in other comprehensive income and accumulated in the Group's currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the currency translation reserve.

On disposal of a foreign operation, the accumulated currency translation reserve relating to that operation is reclassified to profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)**2.16 Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Group Chief Executive Officer who make strategic decisions.

2.17 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingencies are not recognised on the statements of financial position, except for contingent liabilities assumed in a business combination that are present obligations and for which the fair value can be reliably determined.

2.18 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grants related to asset are deducted against the carrying amount of the asset.

Government grants related to expenses are accounted for in the year where the related costs it intends to compensate is incurred and recognised in the profit or loss. Such government grants are presented under "Other income".

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

2. Summary of significant accounting policies (Continued)

2.19 Provisions (Continued)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The increase in the provision due to the passage of time is recognised as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.20 Non-current assets (or disposal groups) held for sale and discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of the asset's previous carrying amount and fair value less costs to sell. The assets are not depreciated or amortised while classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale, and

- (a) represents a separate major line of business or geographical area of operations;
- (b) is part of a single co-ordinated plan to dispose of a separate major line or geographical area of operations; or
- (c) is a subsidiary acquired exclusively with a view to resale.

3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in Note 2 to the financial statements, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)**3.1 Critical judgements made in applying the accounting policies**

The following are the critical judgements, apart from those involving estimations (see below) that management has made in the process of applying the Group's accounting policies and which have a significant effect on the amounts recognised in the financial statements:

Impairment of assets relating to mining operations

The Group assesses the assets relating to the mining operations at each reporting period to determine whether any indication of impairment exists. Where an indicator of impairment exists, a formal estimate of the recoverable amount is made, which is considered to be the higher of fair value less costs to sell and value in use. These assessments require the use of estimates and assumptions including historical, current and future prices, recoverable ore reserve of the mine, discount rate, operating costs, future capital requirements and operating performance (which includes production and sales volumes). In estimating the recoverable ore reserve of the mine, management relied on the Independent Qualified Person's Report ("IQPR") issued by the independent valuer. These estimates and assumptions are subject to risk and uncertainty. Therefore, there is a possibility that changes in circumstances will impact these projections, which may impact the recoverable amount of the assets.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the financial year that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities and the reported amounts of revenue and expenses within the next financial year are discussed below.

(i) Amortisation of mine properties

Granite mine properties are amortised based on straight-line method over the concession period of the granite mine. Management reviews the basis of amortisation and revises the estimates of the recoverable reserves of the mines and remaining useful life and residual values of mine properties at the end of each financial year. Any changes in estimates of the recoverable reserve of the mine and, the useful life and residual values of the mine properties would impact the amortisation charges and consequently affect the Group's financial performance. The carrying amount of the Group's mine properties as at 31 December 2020 is disclosed in Note 6 to the financial statements.

(ii) Non-trade receivable due from a subsidiary

Management determines whether there is significant increase in credit risk of the subsidiary since initial recognition. Management considers various operating performance and projected cash flows of the subsidiary. A credit impaired loss allowance on non-trade receivable of RM3,740,000 was recognised in the Company's profit or loss as at 31 December 2020. **NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

3. Critical accounting judgements and key sources of estimation uncertainty (Continued)**3.2 Key sources of estimation uncertainty (Continued)****(iii) Impairment of investments in subsidiaries**

At the end of each financial year, an assessment is made on whether there is indication that the investments in subsidiaries are impaired. The management's assessment for impairment on investment in a subsidiary is based on the estimation of the value-in-use of the CGUs by forecasting the expected future cash flows over the concession period, using a suitable discount rate in order to calculate the present value of those cash flows. The Company's carrying amount of investments in subsidiaries as at 31 December 2020 is as disclosed in Note 7 to the financial statements.

4. Going concern

The Group's and Company's current liabilities exceeded its current assets by approximately RM9,696,000 and RM8,239,000 respectively as at 31 December 2020. As at that date, the Group's total liabilities exceeded its total assets by RM5,683,000. The Group incurred a net loss of approximately RM17,970,000 and had negative cash flows from operating activities of approximately RM5,108,000 for the financial year ended 31 December 2020. As at that date, the Group and the Company have cash and cash equivalents of approximately RM2,635,000 and RM1,258,000 respectively and the Group has borrowings of approximately RM10,863,000.

These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's and Company's ability to continue as going concerns, which is highly dependent on the Group's and Company's ability to obtain funding and generate sufficient cash flows from operations.

The Directors of the Company are of the opinion that no material uncertainty exists and the going concern basis is appropriate in the preparation of the financial statements based on the following:

- (a) Management has prepared a cash flow forecast which shows that the Company and the Group will have adequate funds for its operational requirements and to meet their debt obligations as and when they fall due for at least 12 months from the end of the financial year, having taken account of the funds available and cash flows to be generated from the operations and the potential effects of COVID-19 pandemic;
- (b) Subsequent to the financial year end, the Group and Company have settled the term loan as detailed in Note 31.2 to the financial statements. The Group and Company have no borrowings subsequent to the settlement of its term loan;
- (c) On 25 January 2021, the Kuala Lumpur High Court judge decided in favour of GGTM Sdn. Bhd. ("GGTM") and the said Adjudication Decision was successfully set aside as disclosed in Note 30 to the financial statements. Accordingly, there are no pending suits and liabilities against its subsidiary company, GGTM; and
- (d) Continued financial support from two Directors, Mr. Lim Chiau Woei and Mr. Lim Beng Chew, who have undertaken to provide adequate funds to enable the Group to meet its payment obligations as they fall due.

Property, plant and equipment and mine properties

Property, plant and equipment and mine properties are allocated to the cash-generating units (“CGU”) that are expected to benefit from the assets acquired. The Group tests the CGUs annually for impairment or more frequently when there are indications that the CGUs might be impaired.

There are indications of impairment as the Granite business CGU has incurred operating losses in current financial year. However, based on the recoverable amount determined by management using the inputs as presented below, no impairment loss is required.

Impairment testing

The recoverable amount of the mentioned CGU is determined from value-in-use calculations.

For value-in-use calculations, the recoverable amount is determined by applying the discounted cash flow model using cash flow projections based on financial budget and forecasts approved by the management covering a period of 17 years (2019: 18 years). Management is of the opinion that the period of 17 years used in the cash flow projections is more reflective of the recoverable reserves of the mine and remaining life of the mine in which the CGU is operating in. The terminal year value is not relevant for this calculation.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020**

6. Mine properties (Continued)

The key assumptions for these value-in-use calculations are those regarding the discount rates and growth rates as stated below:

Gold mining	*	*	9.4	77.1

As at the end of the reporting period, the Company carried out a review of the investment in subsidiaries, having regards for indicators of impairment on investment in GGTM Sdn. Bhd. ("GGTM") and Angka Marketing Pte. Ltd. ("AMPL") due to the losses reported by both subsidiaries.

An impairment loss of approximately RM31,880,000 (2019: RM55,100,000) was recognised in the Company's profit or loss for the financial year ended 31 December 2020.

The review of the recoverable amount of these subsidiaries resulted in the following:

- (a) Additional impairment loss of RM31,848,000 (2019: RM37,331,000) in the investment in GGTM, (granite business segment);
- (b) Full impairment loss of RM32,000 (2019: RM Nil) in the investment in AMPL as the subsidiary in the process of striking off; and
- (c) Impairment loss of RM38,698,000 (2019: RM Nil) in the investment in AASB was written off following the disposal of AASB and discontinuation of operations in the gold mining segment.

The recoverable amount of investment in GGTM of approximately RM69,621,000 (2019: RM101,469,000) is determined from value-in-use calculations and key assumptions used as disclosed in Note 6 to the financial statements.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

29. Financial instruments, financial risks and capital management

The Group's and the Company's activities expose them to credit risks, market risks (including foreign currency risks) and liquidity risks arising in the ordinary course of business. The Group's and the Company's overall risk management strategy seeks to minimise adverse effects from the volatility of financial markets on the Group's and the Company's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group and the Company. The management then establishes the detailed policies such as risk identification and measurement, exposure limits and hedging strategies, in accordance with the objectives and underlying principles approved by the Board of Directors.

The Group and the Company do not hold or issue derivative financial instruments for trading purposes or to hedge against fluctuations, if any, in interest rates and foreign exchange rates.

There has been no change to the Group's and the Company's exposure to these financial risks or the manner in which it manages and measures the risk. If necessary, market risk exposures are measured using sensitivity analysis indicated below.

29.1 Credit risks

Credit risks refer to the risk that counterparty will default on its contractual obligations resulting in a loss to the Group and the Company. The Group and the Company have adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group and the Company perform ongoing credit evaluation of its counterparties' financial condition and generally does not require collaterals.

The Group and the Company do not have any significant credit exposure to any single counterparty or any group of counterparties having similar characteristics except the Group and the Company have trade receivables from a third party and non-trade receivables from its subsidiaries amounting to approximately RM2,973,000 (2019: RM3,214,000) and RM1,860,000 (2019: RM15,664,000), respectively. Further disclosures regarding trade and other receivables are provided in Note 9 to the financial statements.

The carrying amounts of financial assets recorded in the financial statements, grossed up for any allowances for impairment losses, represents the Group's and the Company's maximum exposure to credit risks.

As the Group and the Company do not hold any collateral, the carrying amount of financial assets represents the maximum exposure to credit risk, except as follows:

	Company

Corporate guarantee provided to banks for banking facilities of subsidiary which were utilised at end of reporting period (Note 14)	876	876

Cash and cash equivalents

The cash and cash equivalents as at the end of the reporting period are held with the financial institutions with the following credit ratings:

		Group		Company	
	Rating	Bank balances RM'000	Short-term deposits RM'000	Rating	Bank balances RM'000
2020					
International banks	BBB+	1,053	322	BBB+	-
Local banks	AA-	1,260	-	AA-	1,258
		<u>2,313</u>	<u>322</u>		<u>1,258</u>

International banks	A-	1,404	300	A-	-
Local banks	AA-	31	-	AA-	2
		<u>1,435</u>	<u>300</u>		<u>2</u>

Foreign currency sensitivity analysis

The following table details the sensitivity to a 1% change in Singapore dollar and a 2% change in United States dollar (2019: a 1% change in Singapore dollar and a 1% change in United States dollar) respectively against the functional currency of entities within the Group. The sensitivity rates above were used when reporting foreign currency risk internally to key management personnel and represents the management's assessment of the possible change in foreign exchange rates.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation as at the end of the reporting period for 1% and 2% (2019: 1% and 1%) respectively, change in foreign currency rates.

30. Contingent liabilities

The Company's wholly-owned subsidiary, GGTM had on 22 July 2016 entered into a joint venture consortium agreement with Eco Interiors International Sdn. Bhd. to form an unincorporated joint venture consortium, GGT Manufacturing Eco JV ("Consortium") to carry out the interior fit out business. The Consortium had appointed Eco Group International Sdn Bhd ("EGI") as contractor in relation to the interior design, construction work and services for a particular hotel project. Consortium is involved in a contractor's progress claim dispute with EGI. A summary of the dispute is as follows:

On 28 November 2019, EGI had obtained a decision ("Adjudication Decision") pursuant to the Construction Industry Payment and Adjudication Act 2012 of Malaysia and the Asian International Arbitration Centre Adjudication Rules & Procedure (the "CIPAA Proceedings") against the Consortium for a sum of RM5,478,824.20. This sum encompasses an estimated 70 variation claims for a certain project which has been challenged by the Consortium. GGTM was not a party to the CIPAA Proceedings or the Adjudication Decision. The Adjudication Decision is interim in nature and can be set out aside on specific grounds.

The Consortium has disputed all claims by EGI for the project. In order to set aside the Adjudication Decision, the Consortium filed an application with the High Court of Malaya at Kuala Lumpur (the "High Court") on 17 December 2019. In addition, on 13 February 2020, GGTM and the Consortium issued a notice of arbitration on, *inter alia*, EGI to conclusively settle the dispute through arbitration at Asian International Arbitration Centre.

EGI attempted to execute the Adjudication Decision against GGTM by serving upon GGTM a statutory notice of demand on 30 January 2020. However, on 19 February 2020, the High Court granted a temporary fortuna injunction in favour of GGTM to prevent EGI from presenting a winding up petition, pending disposal of arbitration proceedings. On 9 March 2020, the High Court granted the fortuna injunction in full and dismissed EGI's application to set aside the temporary fortuna injunction. In dismissing EGI's application to set aside the temporary fortuna injunction and in granting the permanent fortuna injunction, the High Court judge observed that the Adjudication Decision ought not to have been given against the Consortium, it being an unincorporated joint venture.

Subsequent to the financial year, on 25 January 2021, the Kuala Lumpur High Court judge decided in favour of GGTM and the said Adjudication Decision was successfully set aside. The corresponding application to enforce the said Adjudication Decision filed by EGI was dismissed by the Kuala Lumpur High Court judge. No costs were awarded against both parties. As a result of those decisions, there are no pending suits against GGTM and no liabilities against GGTM.
